

**FOR IMMEDIATE RELEASE**

**Quaker Plastics offers New & Improved Styrofoam Forms**

Quaker Plastics, a division of Caravelle Pools, is now offering a new and improved line of Styrofoam forms to complement its line of concrete and package pool kit products. Quaker now offers three different form profiles and all forms now offer new “push lock” and “twist lock” attachment methods that enable fast and easy installation on both vinyl liner and concrete pools. Quaker forms can now be shipped together with Quaker’s steps and as well as with any coping product, liner track available from or polymer wall package pool from Caravelle. For more information and pricing, call 570-385-4733 or learn more at [www.quakerplastic.com](http://www.quakerplastic.com)
