

FOR IMMEDIATE RELEASE

Quaker Plastic offers New EZ Steps™ Online Parts Store

Quaker Plastic Corporation, manufacturer of custom thermoforming and extruded products, has launched a new online parts store for its popular EZ Steps™. The new online store offers fast, easy ordering of EZ Steps™ parts for both inground and above ground units. The store has individual photos of each part so purchasers can easily identify the part they need. Each part is in-stock—for immediate shipment by UPS and the secure website (powered by GeoTrust) allows credit card payments for online purchases 24/7 with Visa/MC. Simplify parts ordering of one of Quaker's most popular products! With thousands of these steps in the marketplace, this new online parts store is an invaluable service to offer customers.
